♦ See Color Chart for available colors.

◊ The Galvalume Plus® coating is subject to variances in spanlge from coil to coil which may result in noticeable shade variation in installed panels. The Galvalume Plus® coating is also subject to differential weathering after panel installation. Panels may appear to be different shades due to this weathering characteristic. If a consistent appearance is required, OMB recommends that pre-painted panels be used in lieu of Galvalume Plus®. Shade variation in panels manufactured from Galvalume Plus® coated material do not diminish the structural integrity of the product. These shade variations should be anticipated and are not a cause for rejection.

Consult the OMB Erection Manual for proper product application, design details and other product information.

### Panel Pricing:
1. All “R” and “S” panel pricing is based on a 38 1/4” sheet width.
2. Length is +/- 3/8” of ordered length.
3. Less than 3 squares, will be subject to a $50.00 set up charge.
4. Add $ 3.50 per sheet for lengths less than 4’-0”.

### A PANELS
1. All “A” panel pricing is based on a 38 1/4” sheet width.
2. “A:” panel has a 40 SQ. minimum order.
3. Less than 40 Sqs., $ 250.00 set up charge.

### Packaging Cost:
1. Maximum bundle weight, 3,500 lbs, unless specified by Customer.
2. Special instructions from Customer for smaller bundle weights, $ 15.00 extra per bundle.
